In the first seven months of the year, more than 49.5 million tonnes have been handled, 11.1% more than in 2020 and 2.4% more than in 2019.

Cargo containers (exports) grew between January and July by 22.7% compared to 2020. Valenciaport’s connectivity facilitates the work of exporting companies in its hinterland, key to the recovery of economic activity and job creation.

In these first seven months of the year, all sectors have increased. Of particular note is the growth in exports of iron and steel (37.1%), construction materials (35.26%) and the agri-food industry (28.11%) compared to 2020.

In the interannual (August 2020-July 2021), 5.7 million containers will be exceeded, approaching the figure of six million in a context that is still complex due to the pandemic.

In July this year, 456,650 TEUs and 6,837,639 tonnes of goods were handled, slightly higher than in the same month of 2020.

By countries, China and the USA are the leading trading partners with 356,389 and 317,989 full containers respectively with origin/destination Valenciaport.
