Between January and September 2022, a total of 3,038,695 tonnes of natural gas have been moved through the Sagunto Port

Liquid bulks, due to the push of natural gas but also of other energy products, have the highest traffic in the history of Valenciaport

Solid bulks (cereals or animal feed) also show a great dynamism with an increase of 8.74%

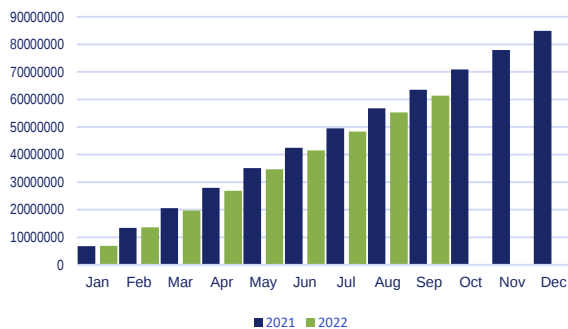

The geopolitical situation and the economic uncertainty mark Valenciaport's figures. In the first nine months of the year, freight traffic fell by 3.27% and container traffic fell by 6.59%
