

5 june

# World Environment Day:

From the 5th to the 9th of June the Clock Building at the Port of Valencia will become an exhibition open to the public showcasing the actions taken by the Port Authority of Valencia and participating companies to protect the environment, for World Environmental Day.

This event will allow adults and children to discover all the activities that the PAV and port community carries out on a regular basis to preserve the environment in its three ports (Valencia, Sagunto and Gandia).
