

World Environment Day

Environmental messages

#117
Junio 2022

From **4 to 12 June**, the **Clock Building** of the Port of Valencia will host an exhibition open to the public, where the actions carried out by the **Port Authority of Valencia** and the **companies participating** in this great event in the field of the **Environment** will be on display.

These activities include, among others, **Creative Recycling Workshops** for children. Make them participate, make them sustainable!

During all these days, you will be able to take a **Virtual Tour** at the website: www.diadelmedioambienteapv.es.

Sign up at the website and attend the Renewable Energy Day on 6 June!
