The **APV**  
and the **Valenciaport Foundation**,  
are carrying out the project

**ASSESSMENT OF CLIMATE CHANGE  
IN PORTS OF SOUTH-WEST EUROPE**

The project aims to define a common methodology  
for analysing the impacts of climate change  
and its effects on the maritime-port environment.

A **conference** will be held at the super lab on **21 October**:

**The great challenge  
for climate change  
adaptation in ports.**
