THE FOLLOWING DECISIONS HAVE BEEN MADE:

FIRST. - This Decision Notice details the maximum tariffs for the port service of mooring and unmooring of vessels in the Port of Gandia for the year 2025 in Annex I. These tariffs represent an increase of **1.896 %** over the tariffs in force. The update is scheduled to take effect on **15 January 2025, with TO being the tariff to be applied** based on the tonnage accumulated during 2024.

SECOND. -The tariffs for intervention in emergency situations, rescue operations, firefighting, or pollution control for the year 2025 are to be approved. These tariffs, attached to this Decision Notice as Annex II, represent an increase of **1.896 %** over the current tariffs. The update will be effective as of **15 January 2025**.

THIRD. - Order the publication of this Decision Notice and its annexes on the Port Authority of Valencia website for general information.

According to the financial report, in the event that the second 0.5% increase in the remuneration of civil servants comes into force, **the tariff update would result in a 2.294% increase** if the sum of the variation in the advance Consumer Price Index (CPI) for 2022, 2023 and 2024 exceeds the increase in remuneration applied in the same years, which is still to be examined and approved, if necessary. Should this increase come into effect, it will be applied to the service fares on the day following the publication of the decision notice approving the increase in the Boletín Oficial del Estado [Official State Gazette of Spain], automatically and without retroactive effect with a new fare table being published.
