

## MAXIMUM TARIFFS

### PORT TOWAGE SERVICE

**Company: REMOLCADORES BOLUDA S.A.**

**Geographical region: Ports of Valencia, Sagunto and Gandía**

**Entry into force: 29 October 2021**

These fares shall include the cost of tow personnel, the cost of tugboats and other means used by them, as well as any other cost necessary for the provision of the service under the conditions established in the Specific Conditions.

The tariffs will be based on the system of measurement of the vessel used in the International Tonnage Conventions - currently "GT" - with the legally established corrections.

The tariffs applicable to towage services shall differentiate between the following operations: manoeuvring in, manoeuvring out and removal.

The tariff structure is a flat rate based on the GT of the vessels, with no surcharge for nights or public holidays.

#### MAXIMUM GENERAL TARIFF

- i) The maximum tariffs for handling in the ports of Valencia, Sagunto and Gandía, for all vessels except gas tankers, are:
