

## **MAXIMUM TARIFFS**

### **PORT VESSEL MOORING AND UNMOORING SERVICE**

**Company: AMARRADORES DEL PUERTO DE SAGUNTO, S.L.U.**

**Geographical area: Port of Sagunto**

**Entry into force: 1<sup>st</sup> January 2013**

These tariffs include the cost of mooring staff, any craft, vehicles and other equipment they may use, and any other costs incurred to provide the services in the conditions laid out in the specific requirements.

The tariffs are based on the vessel measurement system used in international conventions on tonnage, currently "G.T.", with the legally established corrections.

The tariff consists of a flat rate based on vessel G.T. There are no surcharges for services provided at night or on public holidays.

$$\text{Tariff: } T (\text{€}) = 51.79 + 10.39 \times (\text{GT}/1,000)$$

$$\text{Ancillary craft per operation: } T (\text{€}) = 51.33$$

## **TERMS AND CONDITIONS**

- 1) The G.T. referred to in the tariff formula is measured according to the International Convention on Tonnage Measurement of Ships (London, 23<sup>rd</sup> June 1969).
- 2) These tariffs shall be invoiced per vessel, and per mooring or unmooring operation, including the handling of the mooring ropes that the ship's Captain or the pilot, on his behalf, deem to be necessary.
- 3) Moving the vessel by less than three bollards, or approximately 60 metres, on the same quay, shall be charged at 50% of the corresponding mooring tariff. All other transfers shall be charged as a complete mooring operation.
- 4) An 80% surcharge shall be added to the basic tariff for vessel mooring and unmooring operations carried out on the jetty. This surcharge includes the use of ancillary craft.
- 5) An 80% surcharge shall be added to the basic tariff for mooring and unmooring operations carried out at the SAGGAS, S.A. regasification plant quay. This surcharge includes the use of ancillary craft.
- 6) The tariff applied for the use of ancillary craft shall be charged together with the mooring service tariff.

### **REBATES**

The following are the minimum rebates and shall be applied to the services detailed in the tariffs above, according to the number of calls made in a calendar year:

<b>No. calls</b>	<b>Rebate</b>
10 or more	3.5%

This rebate shall be applied to shipowners whose vessels comply with the aforementioned conditions at the Port of Sagunto.

At the end of each month, the vessels' shipping agents shall provide the company with a written list of ships and their owners that reach the rebate figures.
